EL 9206-1148

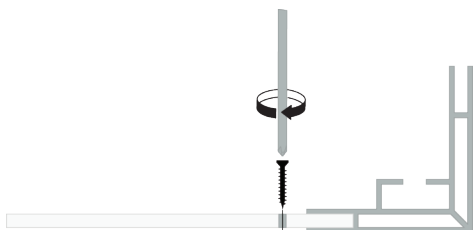

CERTIFIED

This single sided profile is only 2" inches deep creating an elegant, modern look. This Lightbox frame illuminates your textile from behind using our Brite-LED strips on a Dibond back. Our lighting design is balanced to create an even illumination across the entire surface. This profile is most often used wall mounted in retail store displays. Lights can be controlled with an optional remote dimmer unit.

- Slim profile
- Bright, even light distribution
- Back lit via front facing LED's mounted on Dibond
- Solid back panel construction

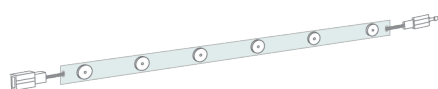

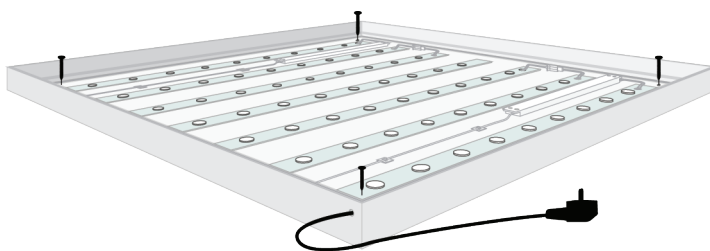

LIGHTBOX 50 SINGLE

BF50S

## WALLMOUNT

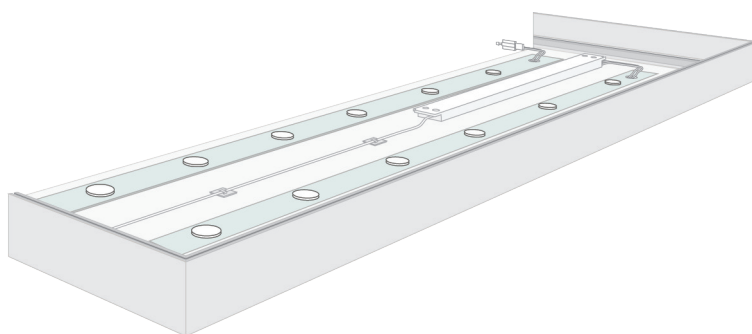

Easy wallmount by drilling the dibond.

## BRITE LED DIBOND

5000-7000k White.

1.2W 24V. 12, 6, 3 or 2 lenses.

Place the textile print in the frame. Start with the corners and press the silicone strip in the channel.
